User Manipulation of Charts

Click on a borough in the map above to update all charts on this page to show data for that borough. Similarly, click on data points within the charts (e.g. Domestic Abuse) to update all charts on the page. Multiple aspects can be selected simultaneously. Re-click on your selections to clear them.

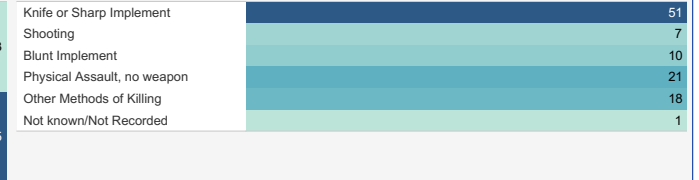

Gang Flagged?

It is our intention to add a visualisation to distinguish between gang related and non-gang related homicides. However, a data quality review is underway, and so this will not be available until future publications.
